Electricity Price Terms

Price Disclosure		Average price per kWH (Based on 30 days usage) includes		
Utility	Bundle Rate	500	1000	2000
TNMP	19.13¢	21.5¢	20.3¢	19.7¢
Daily Customer Fee (DCF)		$0.39 per day	($11.70 per 30 days)	

Recurring TDSP delivery charges are included in the bundled price. Non-recurring TDSP charges may apply when applicable.

The average price for electric service above includes a bundle rate, daily customer fee $0.39 , and all existing recurring charges for the first billing cycle. The average price does not include non-recurring utility charges, non- recurring fees as referenced below (Other Key Terms), or applicable taxes. Your actual price for a certain period will be shown on each Account Update and will be used to calculate your daily invoice amount based on your electric usage during the preceding day(s).

Except for price changes allowed by law or regulatory action, this price is the price that will be applied on your first purchase. This Price may change without notice on subsequent purchases. Please review the historical price of this product available at www.powermepronto.com or by calling 1-888-234-1373

Disclosure Chart

Type of Product	Variable Price Product
Contract Term	Month to Month
Is there a termination fee?	No. You may cancel at any time
Can promotional credits be charged back to my account?	No promotional credits are currently offered with this product.
Can my price change? If so, how will it change and by how much?	The average price applied on a daily basis may be different from the price in this EFL if there are changes in Utility charges, changes to ERCOT or Texas Regional Entity administrative fees charged to loads; or changes resulting from federal, state, or local laws or regulatory actions that impose new or modified fees or costs that are outside our control.
What other fees may I be charged?	See '*Other Key Terms* ' and the *'Terms of Service'* for explanation of additional fees.
